**Amendment to Budget Bill Items 0250-001-0932 and 0250-001-3060, and Addition of
Item 0250-013-0001, Support, Judicial Branch**

Statewide Electronic Filing Implementation—It is requested that Item 0250-001-0932 be increased by \$671,000 and 3 positions to implement and administer a Statewide Electronic Filing Program that will promote and enable an increased electronic access to justice, and assist with full trial court participation in electronic filing. It is also requested that provisional language be added to Item 0250-001-0932 to specify that funding included in this item is for the Statewide Electronic Filing Program (see Attachment 1).

Document Management System for the Appellate Courts—It is requested that Item 0250-001-3060 be increased by \$1.4 million to purchase and deploy a Document Management System to process, track, retrieve, store, and manage the large volume of electronic documents coming into the Appellate Courts. A Document Management System enables the Appellate Courts to improve efficiencies, reduce costs associated with record storage and retrieval, and enhance quality of service to the public.

Statewide Electronic Filing Implementation—It is requested that Item 0250-013-0001 be added in the amount of \$671,000 to provide a General Fund loan to the Trial Court Trust Fund to support the implementation and administration of the Statewide Electronic Filing Program (see Attachment 2).

The effect of my requested action is reflected on the attachment.

Addition of Budget Bill Item 0250-301-3138, Capital Outlay, Judicial Council

Alameda County: New East County Hall of Justice Data Center (Issue 301)—It is requested that Item 0250-301-3138 be added in the amount of \$1,576,000 to design and construct a data center for the New East County Hall of Justice. This project was initiated in fiscal year 2014-15 with an acquisition appropriation that allowed the Court to enter into a project delivery agreement with Alameda County, who is constructing the courthouse. The courthouse is almost complete with an anticipated move-in date of June 2017. The agreement did not include construction of the data center. However, the county has agreed to transfer existing courthouse construction funds to the Judicial Council to pay for the data center project. The data center is necessary to operate information technology portions of the new courthouse. In addition, the Court currently pays \$540,000 per year to lease data center space from an outside party. Therefore, the completion of the data center will significantly offset court costs in the long run (see Attachment 1).

Siskiyou County: New Yreka Courthouse (Issue 300)—It is requested that Item 0250-301-3138 be added in the amount of \$664,000 for site work. The construction of this project was put on hold by the Judicial Council; however, the demolition of existing structures on the acquired land needs to be completed regardless of whether the courthouse is ever constructed. Removing existing structures that are not being used helps mitigate problems that have occurred in similar situations with homelessness and criminal activity (see Attachment 1).

The effect of my requested action is reflected on the attachment.

**Amendment to and Addition of Various Budget Bill Items, Support and Local Assistance,
Natural Resources Agency**

AB 2800 Implementation—It is requested that Item 0540-001-0140 be increased by \$150,000 to provide funding to establish a Climate-Safe Infrastructure Working Group as required by Chapter 580, Statutes of 2016 (AB 2800). The Working Group will provide recommendations to the Strategic Growth Council and the Legislature on how to integrate scientific data concerning projected climate change impacts into state infrastructure engineering.

Climate Change Scoping Plan Implementation: Natural and Working Lands—It is requested that Item 0540-001-3237 be increased by \$675,000 to provide funding to develop a baseline analysis of statewide natural and working lands carbon emissions, carbon sequestration potential, and biomass utilization activities. This activity is detailed in the 2017 Climate Change Scoping Plan update, and the analysis will be used to support programs in forestry, wetlands, land conservation, and agriculture.

San Joaquin River Restoration Settlement—It is requested that Item 0540-101-6051 be added in the amount of \$20,464,000 to provide support for the implementation of the San Joaquin River Restoration Settlement, which relates to the renewal of the long-term water supply contracts in the Friant Division of the Central Valley Project. The State Memorandum of Understanding, signed at the same time as the settlement, recognized that the Natural Resources Agency would play a collaborative role in the planning and implementation of the actions required by the settlement. It is also requested that provisional language be added to include a three-year encumbrance period (see Attachment 1).

Technical Bond Adjustments—It is requested that Item 0540-490 be added to reappropriate various bond funds that still have projects underway. While a majority of projects have been completed, some have come in under budget while some have experienced delays. The reappropriation will allow the Natural Resources Agency to continue awarding funding for projects that were authorized in bond measures approved by voters (see Attachment 2).

The effect of my requested action is reflected on the attachment.

Amendment to, Addition of, and Elimination of Various Budget Bill Items, Support and Local Assistance, Secretary of the Environmental Protection Agency

Rural Certified Unified Program Agencies (CUPA) Grant Program Funding Shift and One-Time Expansion

It is requested that Item 0555-001-1006 be eliminated and Item 0555-101-1006 be added in the amount of \$835,000 to reflect a technical adjustment to shift grant program funding from state operations to local assistance. This funding is used to provide grants for 13 Rural CUPA counties, not to pay for state agency costs. The technical adjustment will more accurately reflect the nature of the programs this item supports.

Since this item is funded with a transfer from the General Fund, it is further requested that the corresponding transfer Item 0555-011-0001 be eliminated and Item 0555-111-0001 be added in the amount of \$835,000 to support the shift.

It is also requested that new Item 0555-101-1006 be increased by an additional \$1,065,000 one-time, and provisional language be added (see Attachment 1) to provide funding for a temporary expansion of the Rural CUPA grant program. An additional 11 Rural CUPAs could then apply to improve their Unified Programs.

Water-Energy Nexus Registry

It is requested that Item 0555-001-3237 be increased by \$500,000 for three years to fund the Water-Energy Nexus registry. Chapter 596, Statutes of 2016 (SB 1425) requires the Secretary of the Environmental Protection Agency to oversee the development of a registry for greenhouse gas emissions that result from the water-energy nexus using the best-available data. The funds will support a contract with a qualified nonprofit organization to develop and implement the registry.

The effect of my requested action is reflected on the attachment.

Amendment Budget Bill Items 0690-001-0029 and 0690-101-0029, and Addition of Item 0690-101-8069, Support and Local Assistance, Office of Emergency Services

Nuclear Planning Assessment Special Account Consumer Price Index Adjustment—It is requested that Item 0690-001-0029 be increased by \$9,000 and that Item 0690-101-0029 be increased by \$51,000, in accordance with Government Code section 8610.5, which provides that the amounts available for disbursement for state and local costs shall be adjusted and compounded each fiscal year by the percentage increase in the California Consumer Price Index of the previous fiscal year.

The Office of Emergency Services (Cal OES) is authorized to bill the utilities operating nuclear power plants, with a capacity of 50 megawatts or greater, for the costs to perform mandated off-site preparedness activities of the local jurisdictions and state agencies. Cal OES manages the Nuclear Planning Assessment Special Account and collects funds annually from the operating utilities and provides the funds to the local jurisdictions in proximity to the nuclear power plants and to California Department of Public Health. This request will provide Cal OES the budgetary authority to make the prescribed adjustment.

Child Victims of Human Trafficking Fund—It is requested that Item 0690-101-8069 be added in the amount of \$268,000, allowing Cal OES to continue the allocation of contributions collected pursuant to Chapter 465, Statutes of 2011, which authorizes taxpayers to designate on their tax returns that a specified amount in excess of their tax liability be transferred to the Child Victims of Human Trafficking Fund. All monies contributed to the fund pursuant to these provisions net of the Franchise Tax Board's and State Controller's Office's costs, upon appropriation by the Legislature, will be allocated to Cal OES to administer the funds granted to community-based organizations which serve minor victims of human trafficking. This request will provide Cal OES the budgetary authority to continue funding the previously-selected organizations that serve minor victims of human trafficking.

The effect of my requested action is reflected on the attachment.

Amendment to Budget Bill Item 0840-001-3268, Support, State Controller's Office

It is requested that Item 0840-001-3268 be increased by \$358,000 from fiscal year 2017-18 through 2019-20 to continue implementing procedural changes required to administer the Property Tax Postponement Program.

Chapter 703, Statutes of 2014, reestablished the Program with new qualifying criteria and operational requirements. Assembly Budget Committee

Attention: Mr. Christian Griffith, Chief Consultant (2)

Addition of Budget Bill Item 0890-001-0942, Support, Secretary of State

It is requested that Item 0890-001-0942 be added in the amount of \$463,000 and 3 positions to provide assistance to counties in the implementation of a new election model as specified in Chapter 832, Statutes of 2016 (SB 450). This new election model permits voters to return vote-by-mail ballots to any precinct or vote center in the state. A vote center is an alternative to traditional polling places where voters can vote in person at fewer voting locations, up to 10 days before an election. On or after January 1, 2018, 14 specified counties may implement this new election model. On or after January 1, 2020, Los Angeles County and the remaining 43 counties will be eligible to implement this new election model. A county may choose to conduct a vote-center election in lieu of a traditional polling place.

The effect of my requested action is reflected on the attachment.

If you have any questions or need additional information regarding this matter, please call John Fitzpatrick, Principal Program Budget Analyst, at (916) 445-8913.
